

ProStep Square

ProStep® Series

PREMIUM INTEGRATED SAFETY STAIR EDGING

CTA'S PREMIUM RANGE

Designed and manufactured as an attractive, durable stair edging for a variety of applications, it is particularly suited to heavy traffic areas. The range consists of five purpose-designed edgings, namely **Classic, Square, Twin, Carpet** and **Inlaid**. All use the ProStep® Insert System, comprising of P4 rated rubber/aluminium or P5 rated Carborundum inserts, available in six colours or our new photo-luminescence carborundum combo strip inserts. ProStep® is the best option when you need a good looking, hard wearing stair edging that meets all relevant Australian Standards and the latest NCC requirements.

PERFECT FOR

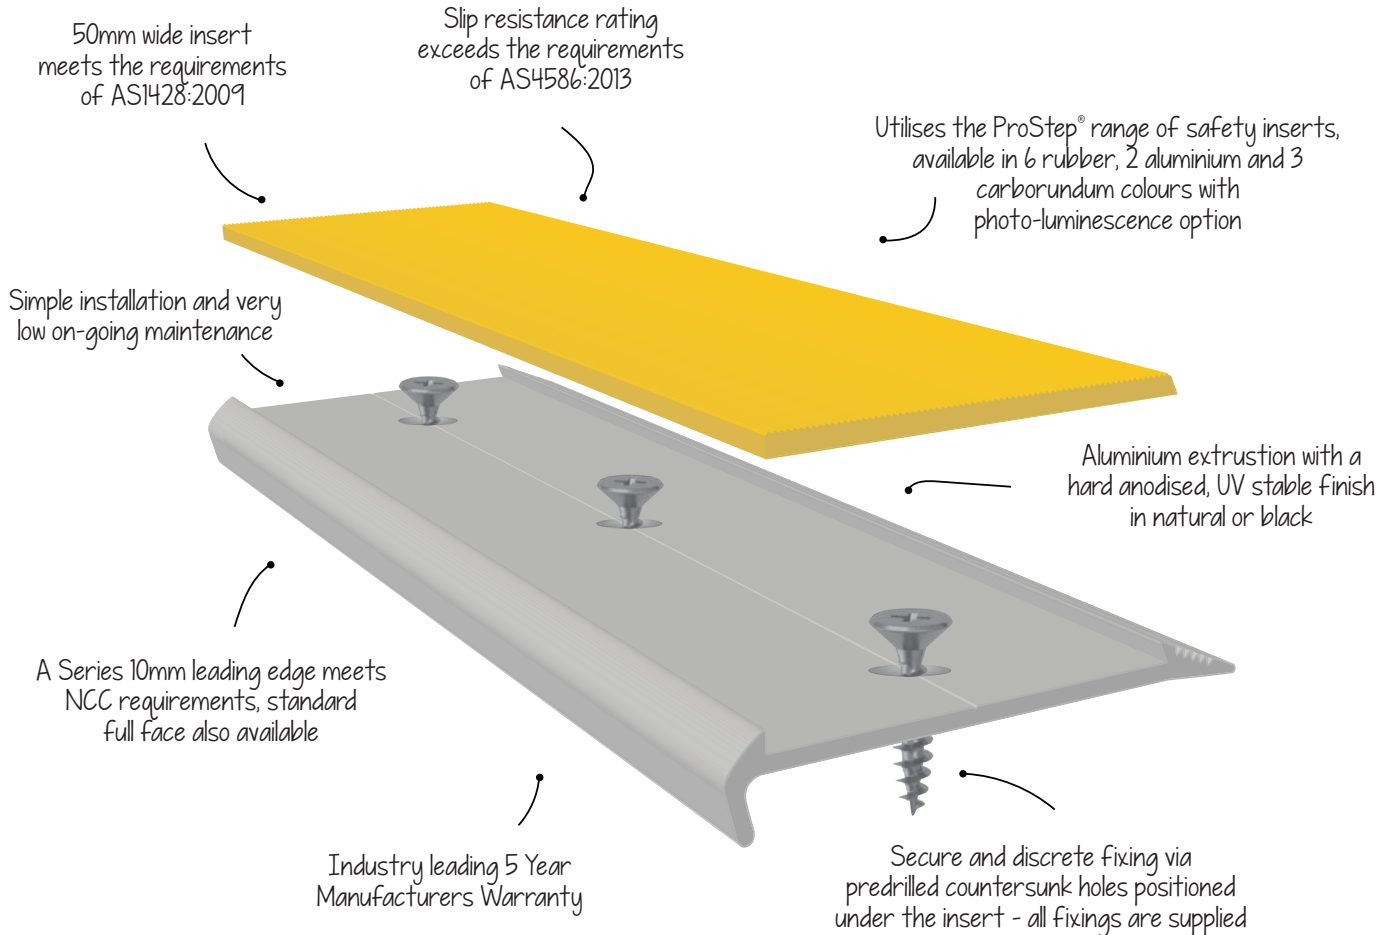

Both internal and external applications, can be fitted to new or existing concrete, ceramic tiles, timber, carpet and most other hard surfaces.

WHERE IS PROSTEP® USED

ProStep® has been installed in hundreds of projects around Australia, and has become many builders first choice for ease of installation, longevity and price.

- Monash Green Chemical Futures / Lend Lease
- Graceville State School / ADCO Construction
- Royal Vic. Eye & Ear Hospital / Hansen Yuncken
- Lindt Production Facility / Qanstruct
- Warriewood Square / Built
