

PosiTread FineLine Angle

PosiTread® Series

ARCHITECTURAL SAFETY STAIR EDGING

THE SLEEK ARCHITECTURAL OPTION

Available in four different styles, and as both angles and treads, PosiTread® is a sleek, architectural option that will enhance the aesthetic of any space. Manufactured from hard anodised aluminium, PosiTread® features great looks without compromising on safety and is the first choice for many specifiers when looking for a low profile stair nosing that complies with all standards. PosiTread® is available with P4 or P5 anti-slip rating so is suitable for use in both wet and dry environments. Finished in natural silver, black or brushed black aluminium, PosiTread® is backed by CTA's five year manufacturers warranty.

PERFECT FOR

Light traffic areas both internally and externally where an architectural finish and safety are paramount.

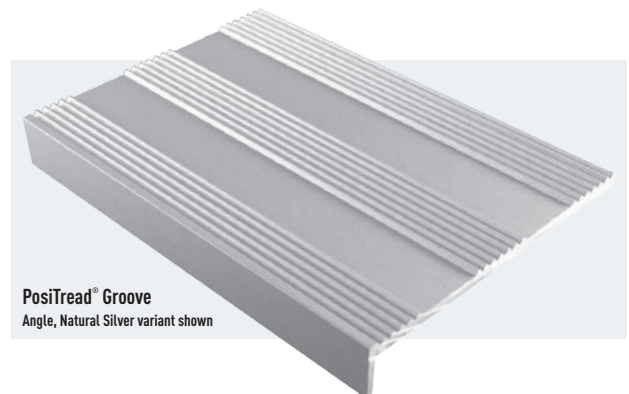

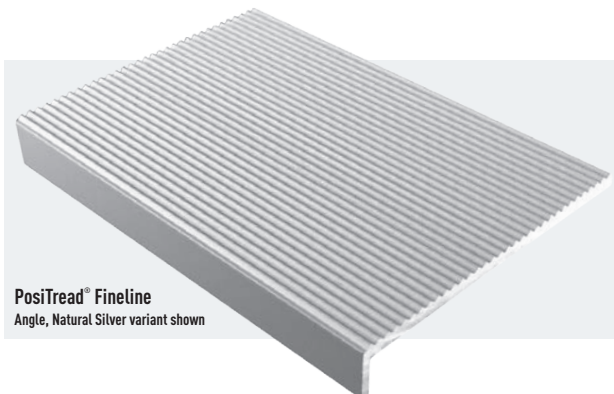

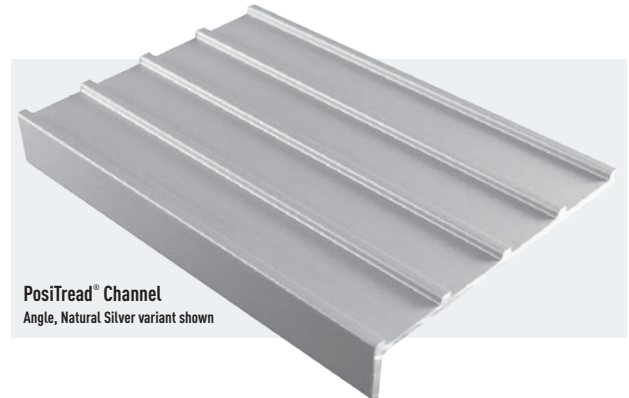

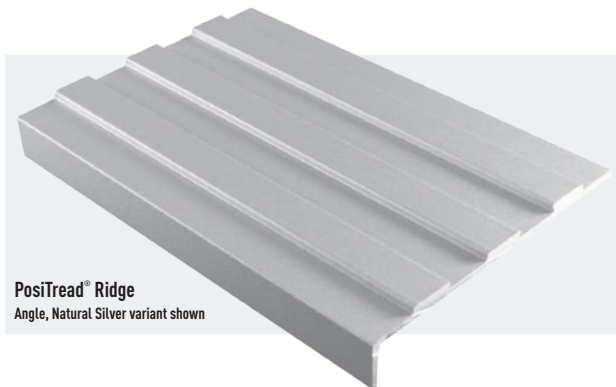

WHERE IS POSITREAD® USED

PosiTread® has become many specifiers first choice for outstanding aesthetic, performance and price. It has been installed in hundreds of projects around Australia, including:

- **Swanston Square Apartments** / ProBuild
- **Valley Park Reserve** / Supergardens
- **TNT Freight Transport Facility** / Qanstruct
- **The Haven at West Melbourne** / LU Simon
- **The Village, Yeronga** / Condev Construction

PosiTread® Profiles

PosiTread® is available in the four surface profiles shown below, as both tread and angle variants and in natural silver, black or black brushed.
Please see specific product for further information.

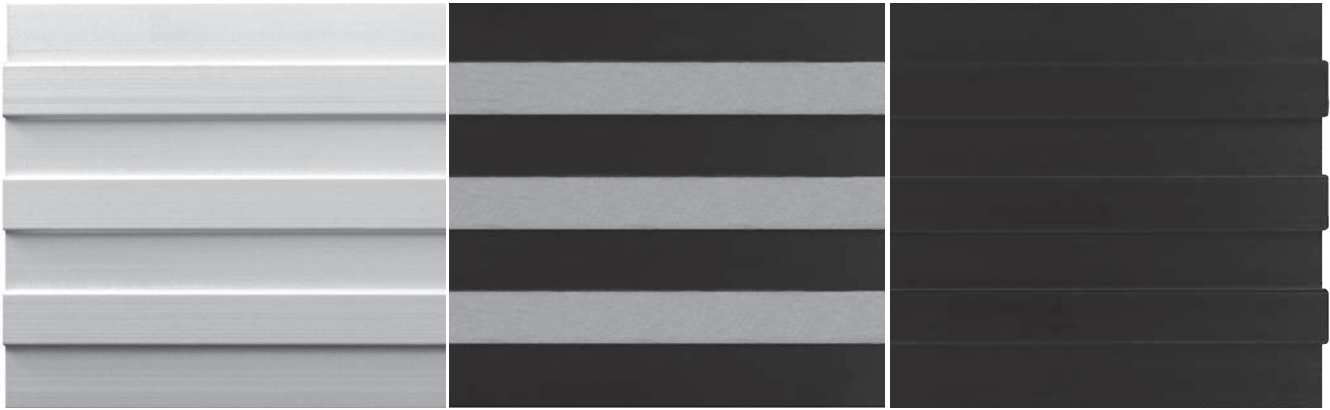

PosiTread® Carpet Adaptor

ENSURING SAFE, SECURE AND STYLISH CARPETED STAIRS

Traditionally low profile safety stair edging hasn't been installed over carpet as the bulk, cushioning and spring inherent in carpet causes the stair edging to buckle or pop up. The PosiTread® carpet adaptor is purpose designed to fix this problem and allows the installation of low profile safety stair edging over carpet covered stairs. Fixed to the substrate, it provides a solid base for the edging to adhere to, and allows the carpet to be securely tucked away once installed. Please contact CTA for more information.

PosiTread® Ridge

Natural Silver

Black Brushed

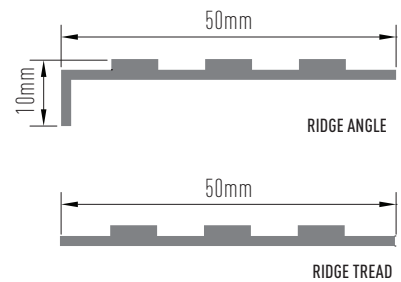

Black

PosiTread® Ridge provides a P5 slip resistance rating when tested to AS4586:2013. (SRV=63)

- ✓ Manufactured from high quality, hard anodised aluminium extrusion
- ✓ Supplied to length up to 3.6m
- ✓ Installed directly onto stair treads using a suitable adhesive
- ✓ NCC compliant, with a 5 year warranty
