

Wall Protection

Superior impact protection in areas where there is a threat of vehicles damaging the structure

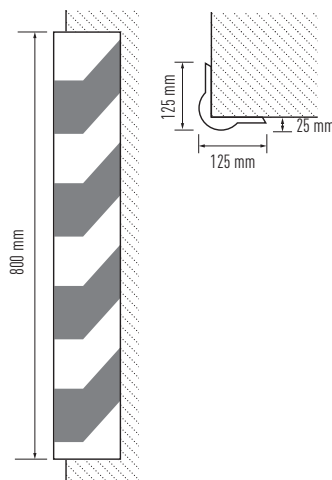

CORNER GUARDS

MATERIAL

Heavy duty recycled rubber with high visibility yellow reflective panels. Includes offset fixing holes to ensure secure installation without compromising the substrate.

APPLICATIONS

Applications include car parks and industrial or commercial premises where there is a threat of vehicles damaging the structure.

INSTALLATION

Simple to install, pre-drill the substrate and secure using the supplied fixings.

CTA INSTALLERS

CTA's accredited installers are available with short turnaround times and guaranteed workmanship. Our team is the largest and most experienced in the nation, so you can rest assured you are in safe hands.

COMPLIANCE

All CTA products conform with the requirements of the Australian standards:

- AS2890 - Parking Facilities
- NCC - National Construction Codes

PRODUCT DATA

Product Code	CPCG160-001
Product Weight	4.0kg
Size	800 x 125 x 125

Warranty	2 Years
Life Expectancy	10+ years
Indoor / Outdoor	Both

AS2890 Compliant	Yes
Materials	Rubber
UV Stable	Yes

DOCK BUMPERS

MATERIAL

Manufactured from heavy duty recycled rubber with a reflective strip for added safety. Available in 1m and 0.5m sections which can be positioned both horizontally and vertically to achieve the desired coverage and protection.

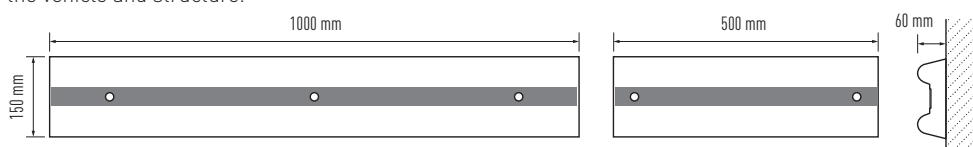

APPLICATIONS

Perfect for truck loading docks and other areas where vehicles come in contact with walls or other parts of the structure. They provide protection to both the vehicle and structure.

PRODUCT DATA

MODEL	LENGTH	HEIGHT	THICKNESS	WEIGHT	PRODUCT CODE
